

## **ENVIRONMENTAL POLICY STATEMENT**

Marks Building Services is a building company engaged in managing waste more effectively. We recognise that our activities have an impact on the environment and are committed to minimise that impact through seeking continually to improve our environmental performance.

The company will put its environmental policy into practice by pursuing the following objectives.

### **We Will:-**

- Meet all legislation, regulations and government guidance, and where possible meet the industry codes of practice on environmental issues.
- Ensure that all our staff (sub-contractors) understand the environmental impacts of our business, and expect them to minimise these.
- Make efficient use of all natural resources by reducing waste, conserving energy and water and to use recycled materials when available.
- Use environmentally efficient modes of transport.
- Discuss with local communities to ensure our sites cause minimum disruption, minimum impact on the local environment.
- We will ensure all our suppliers are aware of our policy.

### **ENVIRONMENTAL TARGETS**

#### **During the coming year we have set the following targets:-**

- Identify and use waste collection points for all materials.
- Measure the amount of waste produced from our sites and seeks to reduce it.
- Service vehicles regularly.
- Investigate feasibility of using more recycled aggregates.
- Examine ways of reducing electricity consumption.
- Recycle office paper.
- Agree and implement a training plan.
- Review targets at the end of the year.

A handwritten signature in black ink, appearing to read 'Mark Isaac', is written over a faint, circular watermark or background.
